

SiGMA is exhibiting at G2E Asia 2018

Meet us in Macau

SiGMA is turning up in force for the upcoming G2E Asia, which will be held on the 15th to the 17th of May, at the Venetian Macao in Macau, China.

The 12th edition of the Global Gaming Expo is set to host its largest presence ever, featuring an exclusive focus on the latest global trends in the Asian gaming-entertainment industry. The expo is a renowned industry veteran when it comes to providing a trade platform for professionals to build solid business connections. Visitors can source the latest products, technologies, and services the marketplace has to offer.

Key segments will include: ***Digital Content & Technology***, which will showcase online game development and technology providers, ***Integrated Resort Technology & Business Solutions***, a display of some of the latest IR products and services, and a first for Asia – ***The Parts and Components Pavilion***, a trade platform which will exhibit components of the electronic gaming machine manufacturing industry.

The three-day conference program will feature a tantalising line-up of prestigious industry leaders, who will present a variety of panel discussions on some of the latest trends and challenges the region is facing. The Asian Markets Forum will feature two panels focusing on Asia North and Asia South – hotly anticipated topics include digital content and technology, the futures of gaming and integrated resorts.

Booked to deliver keynote addresses, is chairman and chief executive officer of Melco Resorts & Entertainment Limited, Mr. Lawrence Ho, and director of the Gaming Inspection and Coordination Bureau of Macau SAR Government,

Mr. Paulo Martins.

G2E Asia is presented by the American Gaming Association and organised by Reed Exhibitions. Its 2017 edition recorded record-breaking attendance with nearly 13,000 visitors attending from over 80 different countries and regions.

Meet up with SiGMA at Stand 760. To set up a meeting with us, drop us an email on „info@sigma.com.mt“:mailto:info@sigma.com.mt. We look forward to seeing you there.
