

# Novomatic's Multi Gaminator – Number one in Russia

\*Austrian Gaming Industries (AGI) presents new highlights at EELEX 2004\*

Gumpoldskirchen – The tremendous success of the Multi Gaminator, a unique development from Austrian Gaming Industries (AGI) of the Novomatic Group, even before its official presentation at EELEX 2004 in Moscow gives good reason to believe that it will become the number one slot machine in the Russian market. AGI's managing director, Jens Halle, also announced the presentation of exciting new video reel games on the stands of Octavian and Game One at EELEX, including: Riches of India, Knights Quest, King of Cards, Bananas go Bahamas as well as The Money Game.

Octavian and Game One, the two most important distributors in the Russian market, will also present the groundbreaking new slant top double monitor cabinet from AGI, the world market leader in interactive live games and multi-player systems. „The Russian market is open for innovative developments and EELEX has become a significant exhibition in the international casino industry. Therefore we will take top products such as the Multi Gaminator, an absolute novelty, the new video reelers and the new slant top double monitor to the Moscow show, and make it clear once again: Novomatic Leads iV Others Followi\$, concludes Jens Halle.
