

The Founding of the Law Firm, Hambach & Hambach

The founders, Attorney Dr. Wulf Hambach and Attorney Claus Hambach specialise in the areas of European and International Betting Law New Law Firm for Gaming Law in Munich

On the 15th of February 2005, Dr. Wulf Hambach (31) and Claus Hambach (33) founded the law firm, Hambach & Hambach. The law firm specialises on European and International Gaming Law. It also provides legal advice on Media Law as well as on Banking and Stock-Exchange Law (including in the area of financial betting).

Alongside the expert and highly motivated team, which is supported by both German and foreign specialists, Hambach & Hambach provides clients with a success-based service.

The Gaming Market in Germany is booming. In 2002 alone, the annual revenue from public gaming amounted to over 27 billion euro. As the state gaming monopoly may, from a Constitutional Law as well as from a European Law point of view, no longer be maintained, the private providers will bring an end to the supremacy of the state gambling providers in Germany and this will ultimately result in fair competition.

„The search for answers to International and European Betting and Gambling Law may not become a “game of chance”!“
Hambach & Hambach provides a speedy and efficient service, in particular, for German and foreign betting firms who are active on the German market or who wish to become so.

The Law Firm's Homepage, www.betting-law.com, was put live today and provides you with extensive information on Betting and Gambling Law. Our Newsletter, „Betting-Law-News“, will keep you continually up to date on current Betting

developments as well as developments in the areas of Games of Skill and Games of Chance. This Newsletter can be subscribed to on our Homepage free of charge.
