

# **SAGSE Central America & Caribbean @ Panama 2015 announced “we are almost at phase 2 of floor plan expansion”**

SAGSE Central America & Caribbean @ Panama 2015 (May 13 & 14), has announced that is almost ready to do an expansion of the floor plan to accommodate the number of international companies who were on waiting list to participate in the event.

„See [http://www.sagsecc.com/plano/plano\\_sagse\\_pnm\\_2014.pdf](http://www.sagsecc.com/plano/plano_sagse_pnm_2014.pdf) floor plan“ (press F5 key to see the latest version)

“The show is shaping up with success. Within less than a month ahead we had to modify the floor plan several times. This will be the most international and largest edition ever. We are almost ready to expand into the second phase. We have the last booths available. This means that the show is growing fast.” Confirmed Mr Alan Burak MD of the event. “There is almost no more space available for new companies at the show at the phase 1.” Burak concluded.

Once we enter into phase 2 it will be final extension for this 2015; we don't want to oversize the event. We believe the success of our business is based on the following parameters: Panama as a hub (International event, with a full international coverage), on the other side the phenomenal expansion gaming operations in Panama, the global manufacturing industry, Educational content (There are more than 24 hours of seminars) and networking event like no other

event and finally a careful organization which is subject to the smallest detail so that exhibitors and visitors can conduct business.

The most important international Gaming manufacturers prefer SAGSE expo to showcase their products base on SAGSE's global reach.

Today Panama is the most strategic hub for an international event from Mexico to Peru and the Caribbean.

We are confident that within a short time, SAGSE Central America & Caribbean will become one of the majors' exhibitions in the world ranking between SAGSE Latin America, Vegas and London.

The exhibition will take place on May 13& 14 in the beautiful

city of Panama at the new Hotel El Panama Convention Center.
